

PUM Netherlands senior experts

*Representative: Dr. Karel van
der Walt...*

Conference: Creative Tourism in the Karoo

3 april 2010

This is PUM

- Netherlands' largest consultancy agency for senior **volunteers**
- Experts place their **free** knowledge and experience at the disposal of small and medium-sized businesses in developing countries
- Experts with 30 years of professional experience!
- Financed and assisted by the Dutch authorities and employers' organisation VNO/NCW

PUM's mission

- To combat poverty by creating employment opportunities
- Develop private sector globally by means of small and medium-sized enterprise (SME)
- Business links / matchmaking / training with Dutch private sector
- Boost support for corporate social responsibility (CSR) particularly in terms of working conditions and environmentally friendly production

THE POWER OF PUM

- Expertise in virtually every field.
- Senior experts, aged 50-70, all with knowledge, experience and networks.
- Projects: short, targeted, cost- effective – 14-21 days.
- Direct one to one advice and personal contact.
- Aiming to fill the gaps.

Senior Expert profile

- Retired, early retirement, sold own business
- Experienced entrepreneur, specialist, manager
- Familiar with the applicant's type of business and sector
- Is independent and has no ulterior motives
- Provides a tailored product, has capacity to improvise, relevant networking and can adopt broad vision
- Speaks at least one foreign language

BUSINESS LINKS AND FOLLOW-UPS.

- Business links with International/ Netherlands companies for marketing products.
- Matchmaking and training with Dutch Companies if expertise is not available in SA.
- 3 Follow-up missions are allowed - same procedures and conditions.
- If in sound financial condition, costs will be 700 Euro`s to applicant.

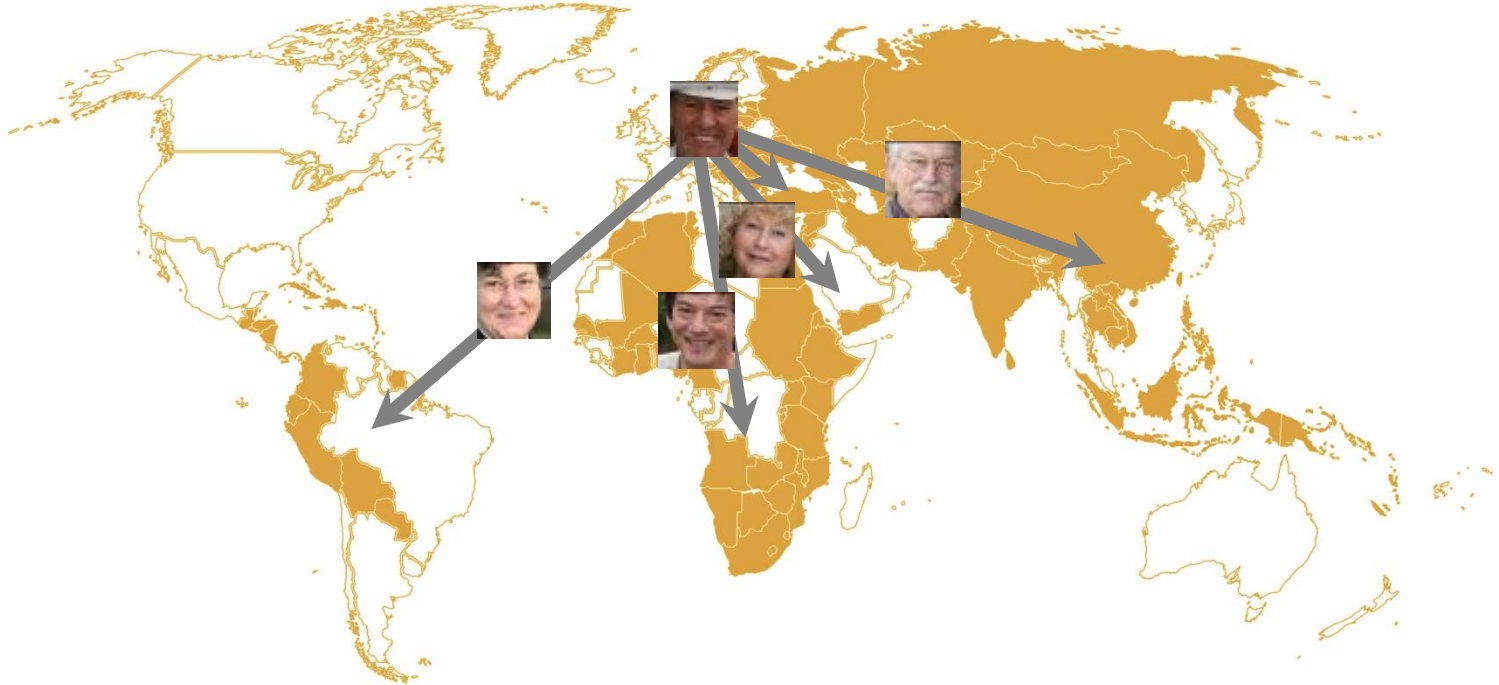

The PUM organisation

- Approx. 4,000 experts
- Some 250 local representatives
- Approx. 125 voluntary staff members
 - Sector coordinators (matching)
 - Country coordinators (acquisition)
- 42 permanent staff members
- Headquarters in The Hague (see photo)
- Highly digitalized infrastructure

How does PUM work?

- Operational in some 70 countries throughout Africa, Latin America, Central Europe, Asia and the Middle East
- Approx. 250 local representatives
- Approx. 2,000 projects and/or businesses receiving consultancy annually, **some 50-60 in South Africa**
- Turnover: 33,000 man/days (deployed experts)

PUM's 'clients'
